matter whether human, (other) animal, or machine. Its scope is intended to span the full range of interests from classical problems in the philosophy of mind and philosophical psychology through issues in cognitive psychology and sociobiology (concerning the mental capabilities of other species) to ideas related to artificial intelligence and to computer

science. While primary emphasis will be placed upon theoretical, conceptual and epistemological aspects of these problems and domains, empirical, experimental and methodological studies will also appear from time to time. One of the most, if not the most, exciting developments within cognitive science has been the emergence of connectionism as an

alternative to the computational conception of the mind that tends to dominate the discipline. In this volume, John Tienson and Terence Horgan have brought together a fine collection of stimulating studies on connectionism and its significance. As the Introduction explains, the most pressing questions concern whether or not connectionism can provide a new conception of the nature of

mentality. By focusing on the similarities and differences between connectionism and other approaches to cognitive science, the chapters of this book supply valuable resources that advance our understanding of these difficult issues. J.H.F.

The most beguilingly seductive novel to date from the author of *The Passion and Sexing the Cherry*. Winterson chronicles the consuming affair between

the narrator, who is given neither name nor gender, and the beloved, a complex and confused married woman. "At once a love story and a philosophical meditation."

—New York Times Book Review.

Now available in paperback! Until now, there was no theoretical research of character in children's fiction and very few comprehensive theoretical studies of literary

characters in general. In her latest intellectual foray, the author of *From Mythic to Linear* ponders the art of characterization. Through a variety of critical perspectives, she uncovers the essential differences between story ('what we are told') and discourse ('how we are told'), and carefully distinguishes between how these are employed in children's fiction and in general

fiction. Yet another masterful work by a leading figure in contemporary criticism.

The Night of Wishes

Yearling Books
When fifteen-year-old Xander and his family move into an old, abandoned house in the middle of a dense forest outside of a small California town, they discover that not only are some of the rooms portals into other places, but that

malevolent forces are at work. *Winnetou, the Chief of the Apache* Simon and Schuster

"Revoyr is gifted in her ability to deal with complex ideas like racism, class conflict, and sexuality without sacrificing the

truth of her narrative. Furthermore, like the most adroit novelists, Revoyr specializes in reversal. All of her books are filled with suspense and sudden surprises that take the stories in unexpected directions...As much as Nina Revoyr herself is a student of history, she's also one of our best teachers." -- *Los Angeles Review of Books*
"Revoyr's latest noir tells a story that's

somewhere between Sunset Boulevard and the darker regions of The Great Gatsby...Revoyr is a subtle observer of human foibles and social structures, and the result is one of the most insightful, and the most entertaining books of the year." -- Literary Hub, one of Lit Hub's 50 Favorite Books of 2019 "A Student of History is full of research, detail, lush descriptions, and visual

place-setting. [Revoyr's] a fiction writer with an eye for reality set in a dream-like world, often in her home city of Los Angeles." - The Rumpus "Any Nina Revoyr novel is a cause for celebration, and her latest, A Student of History, is assured and marvelous, an absorbing rags among riches tale about a broke USC grad student who finds himself swept off his feet by Los Angeles's insular, powerful .01%

class. It's a contemporary novel that feels like an instant classic, with the wry tragedy of The House of Mirth, the sinister glamour of Sunset Boulevard, and a fresh, original point of view." -- CrimeReads "With a nod to Great Expectations and The Great Gatsby, Rick Nagano is Nick Carraway and young Pip rolled into one...Lambda Award-winner Revoyr focuses on the impact of race in the

construct of class and society, and how there are some doors that will always remain closed." --The Advocate "Nina Revoyr's new novel, A Student of History, continues the tradition of the Los Angeles oil novel, but steers it in a new direction." --Rain Taxi Review of Books "With her two Walter Mosley-like gifts--impeccable narrative pacing and masterful command of

Los Angeles' intricate, evolving dynamics of race and class--Nina Revoyr's LA novels convincingly capture the lifespan of Los Angeles as a major city, none more gracefully than A Student of History." --New York Journal of Books Rick Nagano is a graduate student in the history department at USC, struggling to make rent on his South Los Angeles apartment

near the neighborhood where his family once lived. When he lands a job as a research assistant for the elderly Mrs. W--, the heir to an oil fortune, he sees it at first simply as a source of extra cash. But as he grows closer to the iconoclastic, charming, and feisty Mrs. W--, he gets drawn into a world of privilege and wealth far different from his racially mixed, blue-collar beginnings.

Putting aside his half-finished dissertation, Rick sets up office in Mrs. W--'s grand Bel Air mansion and begins to transcribe her journals--which document an old Los Angeles not described in his history books. He also accompanies Mrs. W-- to venues frequented by the descendants of the land and oil barons who built the city. One evening, at an event, he meets Fiona

Morgan--the elegant scion of an old steel family--who takes an interest in his studies. Irresistibly drawn to Fiona, he agrees to help her with a project of questionable merit in the hopes he'll win her favor. A Student of History explores both the beginnings of Los Angeles and the present-day dynamics of race and class. It offers a window into the usually hidden world of high

society, and the influence of historic families on current events. Like Great Expectations and The Great Gatsby, it features, in Rick Nagano, a young man of modest means who is navigating a world where he doesn't belong.

Vintage This was meant to be Alice's year to shine, but things are already going wrong... At school, she's given young environmental activist Greta Thunberg as her pen pal for

a fictional writing assignment. Why couldn't Alice get someone easy to write to, like a pop star? Then she's put in charge of taking the Harmony Day Food Fair online, which seems impossible, especially when she is teamed up with the most annoying boy in her school. As if she didn't have enough on her plate, Alice gets kicked out of her bedroom by her grandmother coming to

stay. And no matter what Alice does, she'll never be able to live up to her infuriating big sister's achievements, right? Through her letters to Greta, Alice finds herself opening up about her life. And as Alice approaches the hard questions by wondering, 'What would Greta do?', she starts to believe that she can make a difference - a big one.

now also with illustrations by his father Edgar Ende, to whom Michael Ende dedicated this book. It is a fantastic story labyrinth of a very special kind. For the author himself, this work was of great importance: in interviews, he liked to call it his "never-ending story for adult readers." The reader is taken into a mysterious narrative world, full of bizarre situations and mysterious fates, surreal

images and philosophical thoughts. Those who open themselves in amazement to these enigmatic visions and allow themselves to be drawn into the fantastic stories will emerge from Michael Ende's magic labyrinth with a new perspective. The core question is: What is reflected in a mirror that is reflected in a mirror? If two readers read the same book, they are still not

reading the same thing. For both people immerse themselves into the reading. The book becomes a mirror in which the reader is reflected. But in the same way, the reader is also a mirror in which the book is reflected: The mirror in the mirror refers the reader back to himself. The FAZ, one of the major newspapers in Germany, writes that Michael Ende shows with

the book "how much darkness, wildness and rawness is inherent in dreams. He does not trivialize. His dreams make reference to reality because in dreams, Cicero wrote, 'the remnants of those objects roll and tumble about in the souls which we have thought and impelled while awake'." *The Neverending Story* hockebooks Presents the timeless love story between

a farm boy named Westley and the beautiful Princess Buttercup, along with the author's comments on life and art as he attempts to edit the children's classic. *The Magic City* Univ of Wisconsin Press "We walked toward the part of the library where the air smelled as if it had been interred for years..... Finally, we got to the hallway where the wooden floor was the

creakiest, and we sensed a strange whiff of excitement and fear. It smelled like a creature from a bygone time. It smelled like a dragon.” Thirteen-year-old Juan’s favorite things in the world are koalas, eating roast chicken, and the summer-time. This summer, though, is off to a terrible start. First, Juan’s parents separate and his dad goes to Paris. Then, as if that wasn’t horrible enough, Juan

is sent away to his strange Uncle Tito’s house for the entire break! Uncle Tito is really odd: he has zigzag eyebrows; drinks ten cups of smoky tea a day; and lives inside a huge, mysterious library. One day, while Juan is exploring the library, he notices something inexplicable and rushes to tell Uncle Tito. “The books moved!” His uncle drinks all his tea in one gulp and, sputtering, lets his

nephew in on a secret: Juan is a Princeps Reader--which means books respond magically to him--and he’s the only person capable of finding the elusive, never-before-read Wild Book. Juan teams up with his new friend Catalina and his little sister, and together they delve through books that scuttle from one shelf to the next, topple over unexpectedly, or even disappear altogether to find The Wild

Book and discover its secret. But will they find it before the wicked, story-stealing Pirate Book does? *The Tree Climber's Guide* Houghton Mifflin Harcourt All of Witch World knows to fear the hated, fire-eyed Keplian horses who lure riders to their deaths. All that is, save for one young Native American girl new to Witch World, who rescues a Keplian mare and her foal and discovers

an awesome truth--the Keplians were created to serve light, not darkness, and to ride with humans. This is the first in a new trilogy. The Neverending Story Del Rey This official Minecraft novel is a journey into the unknown! Max and Alison are proof that differences don't stand in the way of friendship. Max is always on the lookout for a new adventure—even if it means getting into

trouble—while Alison prefers to follow the rules. But both of them are fascinated by the beat-up old journal Max finds and the strange gate its secretive author, the Enchanter, describes: a portal to an otherworldly realm of danger called the Nether. After they use the journal's instructions to craft the portal, Max and Alison squabble over whether to remain safe in the Overworld or to journey into the

Nether to find the Enchanter . . . until a fateful accident makes the decision for them. Trapped in a scary new world, Max and Alison find an ally in Freya, a fierce warrior who has been living in the Nether with her beloved wolf, Bunny Biter. With Freya's help, and with the clues that lie in the pages of the mysterious journal, Max and Alison embark on a quest to find the Enchanter, even as the

Nether pushes their skills—and their friendship—to the limit.
